PROFILE

Service design leader with *10+ years* facilitating executives and cross-functional teams in regulated, high-trust environments — healthcare, retail, and global marketplaces. I turn complex policy, operational, and regional ambiguity into scalable, decision-ready service systems, and make design tangible to non-design and C-suite audiences.

EXPERIENCE

- Bynd Ltd

Principal Service Design & Strategy Lead

London, UK
Dec 2023 – Present

- Led 0→1 service design for advanced-therapy launches across **10+ markets**, co-creating digital journeys, clinical workflows, and patient delivery with clinical, ops, and commercial leaders.
 - Facilitated C-suite alignment on a scalable, compliance-heavy service model; helped a global tech client adopt AI-enabled decision support, cutting manual effort by **40%**.
- Design Doings LTD

Freelance Design Lead

London, UK
May 2023 – Dec 2023

- Independent service design, research, and CX strategy for complex financial-sector challenges.
- Publicis Sapient

Associate Design Director · Service Design Lead

Copenhagen, DK
Aug 2021 – May 2023

- Designed a global-to-local delivery framework for a regulated healthcare client; built an accelerator of hands-on sessions, prototyping, and executive co-creation — cutting time-to-market by **25%**.
 - Established the Nordic service design practice, embedding structured methods across multidisciplinary teams to scope, win, and deliver transformation programmes.
- Net-a-Porter Group

Senior Service Designer

London, UK
Aug 2019 – Jul 2021

- Redesigned the returns platform across journeys, internal tools, and support workflows — lifting data utilisation by **50%**, cutting manual data errors by **80%**, and reducing returns by **10%**.
 - Set scalable service design guidelines across product and service touchpoints, keeping the brand ecosystem consistent.
- Fjord, Accenture

Senior Service Designer · Service & Interaction Designer

London, UK
Aug 2015 – Jul 2019

- Led ethnographic and regulatory research and synthesis workshops for international healthcare market entry; ran public-sector co-creation improving cross-department handoffs and reliability.
